AUGUST 2010

HASCA MEMBERS are now entitled to a reduced annual subscription rate with the popular online reading programme ABC Reading Eggs.

ABC Reading Eggs as a unique online world where children learn to read. The programme focuses on a core reading curriculum of phonics and sight words using skills and strategies essential for sustained reading success. With interactive animations, fun games, great songs and lots of rewards, ABC Reading Eggs is a great place to learn to read. It supports each child's learning by offering individual, one-on-one lessons that allow children to progress at their own rate.

Every lesson ends with a new book and a new critter to add to your growing collection—thus making the programme fun and rewarding for the child. Children are highly motivated to return again and again.

See <http://www.readingeggs.com> for more information, an online demonstration, and the opportunity for your child to trial the programme free of charge for 14-days. <http://www.readingeggs.com/parents/signup>

ABC Reading Eggs have other great resources; Book Packs and Activity Books, which reinforce and extend what the children are learning online. The Activity Books include a matching writing lesson for every (online) reading lesson.

HASCA's special rate is detailed on page two of this newsletter. Please note that this 'special rate is only available to bona fide members of HASCA' and 'only available through HASCA's Reading Eggs subscription account'.
